Electives (BMS/EDCO/EDRM/PSY/NB/HDFS) 6 cr.

Following Completion of Core Coursework:
Six-Month Music Therapy Internship 1-12 cr.
MU 686 – Advanced Music Therapy Practicum 3 cr.
Masters Equivalency Degree in Music Therapy
Audition and Application Information

The CSU Equivalency Program is competitive. We will review applications and make primary round decisions in late February/early March. We will make a second round of decisions in mid April that will be based on availability. Due Date for Primary Round Consideration is February 20th; Secondary Round is April 1.

Eligibility Requirements:
*Undergraduate GPA must be 3.00 or higher
*Successfully passing an audition (see requirements below)
*All application materials and auditions must be received by due date
*Admission is for fall semesters only
*Note: Graduate Record Exam (GRE) is not required

Application Requirements:
1. Complete the online graduate application at:
   http://www.graduateschool.colostate.edu/prospective-students/apply/
2. Contact each college/university attended for one copy of official transcripts regardless of the number of completed credits (photocopies are not acceptable). Transcripts may be mailed to address below or emailed to: murray.oliver@colostate.edu
3. Three letters of recommendation emailed to murray.oliver@colostate.edu. These can be from any individuals you select and the letters should collectively speak to your musical ability, work ethic, interpersonal skills, leadership, and collaborative abilities.
4. One Email to murray.oliver@colostate.edu containing:
   a. Current resume
   b. Statement of purpose and career goals for graduate study in music therapy at Colorado State University. Limit three pages.
   c. Link to Online Video Audition. You may email the video or use a secure/unsecure server and send a link (and password, if needed). Please ensure that you are in the camera shot, with face and hands visible. Please do not use reverb, effects, or overdubbing. The video must contain:
      i. Spoken statement of why you would like to attend Colorado State University for Music Therapy.
      ii. Functional Musical Skills: You will need to accompany yourself on piano while singing four different selections from different genres not limited to American Folk, popular music, country music, world music, etc… You may also submit video playing the guitar while singing; however, this is not required.
      iii. Primary Instrument: Please play ONE selection or excerpt on your primary instrument. Please limit excerpt to 5 minutes.
International Applicants:
International applicants must submit all of the application requirements listed above. A TOEFL Score of at least 83 is required for study in music therapy. There no other department-specific items for international students. Additional graduate school requirements for International Students can be found at: http://www.graduateschool.colostate.edu/prospective-students/apply/international-materials-checklist.aspx

Application Checklist:

☐ On-line application submitted to the graduate school

☐ Official transcripts of all credits earned

☐ 3 letters of recommendation

☐ Current resume

☐ Statement of purpose and career goals

☐ Online video of primary and functional music skills

Note: All materials with the exception of the on-line graduate school application should be sent to Murray Oliver (Murray.Oliver@colostate.edu)
